

HEALTH & SAFETY UPDATE

Amid ongoing concerns about Coronavirus COVID-19, the Banco Sabadell Miami Branch office is closely monitoring the latest reports from the Centers for Disease Control (CDC) to ensure we're acting on the latest information and guidance. We have taken a number of precautionary measures for the health and safety of our clients and colleagues and will continue taking all necessary steps to minimize any disruptions and inconvenience to our clients.

The Sabadell Financial Center office is open for regular business hours, however, this may change depending on the Coronavirus progression. We will keep you informed as we have more information from the CDC.

WE ARE HERE TO HELP

If you're negatively affected by the coronavirus situation, we are here to help. Our branch bankers, relationship managers, and teammates are all committed to working with our clients to reduce financial stress during this challenging and uncertain time.

You can use our digital banking channels and phone banking options to conduct your banking transactions, and when in doubt, always feel free to contact your relationship manager.

WHAT WE'RE DOING

- Increased focus on disinfecting surfaces including reception area, elevator touchpads, door handles and other high-touch areas
- Distributed sanitary kits to all employees, that include hand sanitizer, tissues, face mask, and guidance on the use of these kits
- Asking teammates who are sick to stay home until they're well
- Suspended international air business travel and limiting nonessential domestic business air travel for our teammates
- Conducting group meetings by phone or other digital means
- Compelled all Department Managers to identify a partial remote working roster for their staff members and themselves. Beginning Monday, March 16, 2020, a rotation of two groups commenced.

STAYING HEALTHY

We encourage everyone to follow the guidance provided by the CDC to help prevent the spread of respiratory diseases at home, in the workplace and while traveling. Please refer to the [CDC website](#) for the most updated information.

CONTACT US

Our team will be available by email and via our regular contact phone numbers including your banker's cell phone in order to conduct your regular transactions.
